### Notes

- (1) It is intended that calls to Canadian 4-row TWX be routed on the normal first and alternate telephone routes to or towards the "Canadian Destination City", unless there is an exception as outlined in the U.S.-Canadian TWX Routing Notes.
- (2) "Canadian Destination Cities" are the points on which Canadian TWX serving offices are homed for inward traffic. Arrangements for completion of a call from the "Canadian Destination City" to the serving office of the called TWX line are to be handled on a local basis in Canada.
